

HOLLYMATIC 3000 MIXER/GRINDER

**IT'S PERFECT. THE HOLLYMATIC 3000
MIXER/GRINDER FILLS THE GAP BETWEEN
TOO BIG AND TOO SMALL.**

If your operation is somewhere between a supermarket and a large industrial processor...the Hollymatic 3000 Mixer/Grinder is perfect for you. Output rates up to 120 lbs/min depending on product and grind plate hole size. Solidly constructed of heavy gauge stainless steel with seam welded corners throughout, the Hollymatic 3000 offers smooth, easy to clean surfaces.

A programmable timer controls the forward and reverse automatic mix cycle, providing a homogeneous blend of product. Standard with variable speed for both mix and grind the model 3000 ensures optimum production.

Gemini Systems

Stainless steel feed screw, grinding head and adapter ring are standard. Pneumatic foot control is available to assist in filling trays for display. Powered by two independent gear reduction units, the Hollymatic 3000 delivers quiet and continuous, trouble free operation.
