

In-store impulse-generating merchandiser

Multi Deck 24 - 3 level

Selling hot food from a self serve merchandiser is a great way to increase your sales and margins. The Fri-Jado heated Multi Deck triggers your customers to pick up hot grab-and-go products in a quick and convenient way, anywhere in the store. And thanks to its upright design, it only uses limited floor space.

Hot air is blown from the front of the shelf and circulates within the shelf surface resulting in optimum air circulation around the hot product.

As the Multi Deck has limited height it can easily be installed as an aisle end or integrated in your deli department without blocking your customers' view. The large glass surface and lighting on each shelf draw extra attention to your products, boosting impulse sales.

Features MD 24 - 3

Top features

- Self serve heated Multi Deck display
- Attractive presentation that boosts impulse sales
- Patented Hot Blanket holding technology keeps products warm
- Customizable price strips
- Illuminated, customizable top banner
